A Board Workshop & Meeting of the Crooked River Ranch Rural Fire Protection District Board of Directors took place on Thursday, January 19, 2023, at 6:00 pm, at the Crooked River Ranch Fire District Fire Station, located at 6971 SW Shad Road Crooked River Ranch, Oregon.

#### **Board Workshop Minutes**

Called to order by Director Norberg at 6:00 pm

#### **Director Wilson led the Flag Salute**

Roll Call by Director Oakley: The following individuals were in attendance — Director's Norberg, Oakley, Wilson, and Green. Director Pahl attended the meeting electronically through the Zoom platform, as well as Fire Chief, Sean Hartley. Also in attendance was Administrative Assistant, Dana Schulke, Captain David McDonald, and Paramedic Frank Iovino. Members of the public in attendance — Mike Dries, Bill Burt and Joe Costigan.

Purpose of the Board Workshop: This workshop was to discuss the Board of Director positions that will be vacated after June 30<sup>th</sup>, 2023. Director Norberg asked the audience if there were any questions, they had to ask the Board in reference to Board positions. Director Oakley asked if there was anyone in the audience who was interested in being on the Board. Attendee of the Workshop, Joe Costigan stated he turned in a Board application and is interested. He did state he will be running for an open position. Bill Burt asked the current Board which members will be leaving at the end of June. Director Green stated that he will not be putting his name on the ballot again for the Board. Director Wilson stated that he will not be putting his name on the ballot as he is interested in being a response volunteer with the District again. Director Oakley will not put her name on the ballot as well. Director Norberg stated that she and Director Pahl will still be on the Board. She also stated that whoever come's on board will be receiving a notebook of the Board policies and procedures. She also stated the Board policies were just reviewed the last couple of years and they need to be updated and looked at yearly. Director Norberg asked if Fire Chief Sean Hartley had anything to add. He said "no" and thanked everyone who is in attendance. Joe Costigan stated that is appears that there is not a lot of interest from the residents to be on the Fire Board. It was an extremely hard decision for him to make if he should run for a Board position or not. He thought about the time commitment, roles and responsibilities and that it might be a deterrent for other residents to consider. Director Oakley stated that most residents know the Board is here, everything is running smoothly, and we do not have any controversy. It is hard to even get people to attend our events. Director Green stated that he is amazed of the amount of people that "don't know" how the District runs and how the process of calling an ambulance works for the Ranch. Director Norberg stated that it is hard to get people to run for any position, on any Board now a days. Bill Burt stated that when

he ran for the HOA Board, there was very few of the residents who voted. Director Wilson stated that we should put an ad in the Telegraph on how many hours are expected of a Fire Board member and explain what duties are involved to help engage interest. Joe Costigan clarified his earlier comment and asked the Board if people are not applying for the positions because they are not sure of what is expected, and what the time commitment would be. He stated that it is an honor to serve on a Board and it might be a lack of ignorance. Director Norberg stated that most of our residents indicated they would like to find out things from the Fire District through social media and we are utilizing that platform to get the word out on the available Board positions. Discussion ensued about putting "Seeking Fire Board Members" on the Reader Board in front of the station. Director Norberg stated there is a constant rotation of Board members who help sign checks, etc. and the position of Treasurer probably has the most responsibility on the Board.

More discussion ensued regarding the time commitment and for the current Board to work on the number of hours they currently put into the District. We could put an ad in the Telegraph and on social media to inform residents regarding that information. Final comments were stated from Director Pahl regarding the time commitment and rotation of positions, etc. Director Green stated that other fire departments in the state of Oregon allow district volunteers to be on the Board, as we currently have a policy that states this is not allowed. It would open the opportunity to run for a position and allow a bigger pool for people who might be interested. This is something to think about going forward and possibly bring up at one of the next workshops. Director Norberg concluded with final comments about our Levy coming up and staffing needs. Director Oakley stated that March 16<sup>th</sup>, 2023, is the last day to submit a petition to Jefferson County for the ballot. There was no further discussion.

**Workshop Adjournment** by Director Norberg at 6:28 pm and a Board meeting immediately followed.

room, there were 5-10 boxes that Captain Delorto went through that were EMS medical records. She used the state archive guideline for reviewing the medical records and per our Board policy, destruction of records have to be run by the Board for destruction. Director Green asked about the time frame they had to be kept. Dana stated she believes it was seven years and if the chart contained a minor, those records have to be kept longer. A Destruction Certificate has to be signed by all Board members and Data Delete will come to the station and destroy the files. The total is just under \$13,000 for the vehicle usage on the conflagration. Director Norberg stated that Chief Hartley is updating the Project sheet with any new information on the District projects. Director Wilson had a question for Chief Hartley regarding the pre-build meeting for the vehicle exhaust capture system. It pertained to the 5-ton and side outlet exhaust. Chief Hartley stated we are going to hold off on that truck for now because there will be some involvement with getting that truck transitioned over for the new exhaust system, and we do not utilize this truck very much, specially in the winter time. If we get the OSFM grant for a vehicle, we will have some apparatus changes in the future.

January 2023

Dear Sean,

Please find enclosed a certificate honoring your department as a 2022 Active Member of the International Association Fire Chiefs' national Ready, Set, Go! Program. We thank you for your support and use of the program.

RSG! is the successful program it is today because of the commitment you have shown, and the resources you have used, to reduce wildland fire risk in your community. Thank you for all your efforts to reach out, work with the residents in your community, and make an impact!

Thank you also for your use of the program's Achievement Management System (AMS). The system is used to track the innovative ways RSG members like you are reducing fuel loads, hardening homes, and working with residents and partners to reduce wildland fire risk. We appreciate that you have used the system to share your accomplishments with us and encourage you to continue recording your efforts. Just a reminder that you can download that information any time from AMS and share it with your department and community leaders.

We're excited to support your continued risk reduction efforts and look forward to working with you in 2023. We wish you and your community the best in the new year.

Very respectfully,
